MEDIA RELEASE

## Air incident - Cameroon

Sundance Resources Limited (ASX: SDL – "Sundance") regrets to advise that an aircraft chartered by the Company has been reported missing after it failed to reach its destination on Saturday 19 June 2010, while on a flight from Yaoundé in the Republic of Cameroon to Yangadou in the Republic of Congo.

Local authorities were immediately notified and the company's emergency response procedures have been activated and have been operating around the clock.

The company's efforts are currently focussed on coordinating with the government authorities in the Republic of Cameroon and Republic of Congo as well as with the Department of Foreign Affairs and Trade and Australia's diplomatic representatives in the region to locate the aircraft. A comprehensive air and ground search coordinated by the Cameroon military will commence at first daylight local time on Sunday [approx 1:30 pm AWST). A Congolese aircraft will also be involved in the search for the missing aircraft.

The flight was carrying 9 passengers, predominately from Sundance Resources, who were visiting the company's iron ore project in Cameroon and Congo.

The families of the missing have been notified and are being supported during this deeply distressing time.

Locating and ensuring the safety of our people along with supporting their families is our highest priority.

A further update will be provided as more information becomes available.
